Ayatullah Behesti

MERN Stack Developer   **Mobile**: +880 1619792124
Address: Cumilla, Bangladesh   **Email:** albehestione@gmail.com || LinkedIn || GitHub

Objective:

As a web developer, my goal is to create engaging web applications that enhance user experience and drive business success. I seek to expand my skills, embrace new technologies, and bring innovative ideas to life. With a focus on clean code, attention to detail, and problem-solving, I deliver exceptional results.

Skills and Technologies:

Expertise: React, Firebase(Auth & Hosting), JWT, Lazy Loading, Error Handle, React-Firebase-Hooks Strip. BootStrap. Tailwind, DaisyUi, Flowbite, and more.

Comfortable: Express, Http(Node), ENV, Framer-motion, image compression and upload to the server.

Familiar: with Node, MongoDB. cors, Next.js and much more.

Tools: Chat GTP, Vs Code, NPM, Chrome DevTools, React Developer Tools, ESLint, Prettier, Netlify, Vercel, Figma, and much more.

Projects:

1. Recipe Hero

Live Website Link | **Client-Side Link** | **Server-Side Repo l.ink**

- This is just a pure template to create a website faster.
- Customizable and Editable component.
- Responsive, Background Animation, or Video.

Technologies: Javascript (ES6), Vanilla CSS, Tailwind

2. Tot Zone

l.ive website link | **Client-Side Link** | **Server-Side Repo l.ink**

- This website will help you to manage.
- You can easily edit your toys.
- Authentication, Responsive, Private Route.
